Foundation for California Community Colleges
About the CCC Educational Technology Awards

What is the Award?
There are actually two award categories:

The Technology Focus Award is project or program oriented and recognizes college, district, regional, and system or statewide projects that have identified and solved significant problems to the benefit of student, staff, and/or faculty.

The Excellence in Leadership Award recognizes individuals who have demonstrated extraordinary effectiveness, influence, diplomacy, and career achievement within the field of higher educational technology management, on both individual campuses and within the greater California Community Colleges System.

Leadership Award winners are presented with a trophy. Each Focus Award receives a trophy, along with certificates for each project participant.

Who will be considered?
For the Leadership Award, candidates must be present or past contributing members of the CCC professional community.

For the Focus Award, the project must be a part of the California Community Colleges System, which includes college and/or district level staff.

Employees of the CCC System Office and any co-sponsoring entity (e.g., Foundation for California Community Colleges) are not eligible to receive either award.

How are winners selected?
Winners are selected by the California Community Colleges System Office Award Review Committee.

Focus Awards are selected on the basis of scope and complexity of the endeavor, technological innovation, benefit to the institution and key constituents, and demonstration of excellence and professionalism. The project should be innovative and exemplary, and provide significant advantage to the institution, faculty, staff, and/or students.

Leadership Awards are selected on the basis of effective educational technology leadership at the institution, district, region, and/or system level. Also considered is the mentoring of other professionals, visionary achievements, and effectiveness in identifying and advancing technology opportunities for the various needs of higher education.

Up to two Leadership and four Focus awards may be given annually.

What is the schedule?
The 2008 nomination period is open August 1 through September 30. Award recipients will be chosen October 10. The public announcement of winners and award presentation occurs in November at the California Community Colleges Board of Governors Meeting.

How can I apply?
Nominations may be entered online at: http://misweb.cccco.edu/techawards.
CCC Educational Technology Awards FAQs

How many times may I win? Nominations may be submitted in subsequent years for the same individual or project; however, an individual or project may only be awarded once.

How do I nominate? Go to http://misweb.cccco.edu/techawards and complete the online nomination process. Questions are available at the beginning of the process to help you prepare, and a partial nomination can be saved at any time to allow you a chance to return and complete it at a later date.

Can I self nominate? Yes, you may nominate yourself for a Leadership Award or nominate a project you participated in for a Focus Award.

Who is eligible? For the Leadership Award, candidates must be present or past contributing members of the California Community Colleges professional community. Applications must designate single individuals.

For the Focus award, the project must be a part of the California Community Colleges System, which includes college and/or district level staff. Applications must designate single individuals, teams of individuals, or a consortium of colleges responsible for the initiative.

Employees of the CCC System Office and any co-sponsoring entity (eg: Foundation for California Community Colleges) are not eligible to receive either award.

Can I submit more than one nomination? Yes. There is no limit to the number of nominations you may submit.

How old or new must a Focus Award project be? Projects must have been completed or implemented during the three years previous to the award nomination date.

If I win, how do I receive my award? The 2008 winners will be announced at the November California Community Colleges Board of Governors Meeting at the System Office in Sacramento. The award program encourages all participants associated with an award to attend the recognition ceremony. One person per award may receive travel reimbursement.
